NEWSLETTER

21 - 25 AUGUST 2023

FINANCES

A big thanks to our parents for their ongoing support with school fees, which underpins the success of our students' enriching journeys. As August comes to its end, we're amazed at how time flies. Your role in our learning community is invaluable, so please keep up the fantastic work in paying school fees.

HARMONY PROJECT

This week our Harmony questions were:

Grade 2 - How do we travel on land?

Grade 3 - Can I name the planets in order?

Grade 4 - How was air travel designed?

Grade 5 - Why was the Nile River important to the ancient Egyptians?

Grade 7 - How long is the Nile River?

STAR WORKERS OF THE WEEK:

Grade 1 - Chanique

Grade 2 - Emmanuel

Grade 3 - Phawu

Grade 4 - Ayola

Grade 5 - Ethan

Grade 7 - Sine

SPORTS

We have a hockey tournament in Knysna this **Saturday, 26 August**. For the upcoming match please remember to wear the right sports uniform. Also, ensure you have a well-fitted gum guard for your safety while playing hockey. Let's have a fantastic time together!

ACADEMICS

As we approach an exciting phase of the academic year, we want to highlight the importance of our youngest learners being present and prepared for school. The **Foundation Phase assessments** are just around the corner, and they mark a significant step in your child's educational journey.

Remember, every day counts!

BAHIA CHAMPIONS

Grade 1 - Sakholwa

Grade 2 - Alizwa

Grade 3 - Anikka

Grade 4 - Amaan

Grade 5 - Lucy

Grade 7 - Unakho

UP-AND-COMING

SOMEWHERE OVER THE RAINBOW

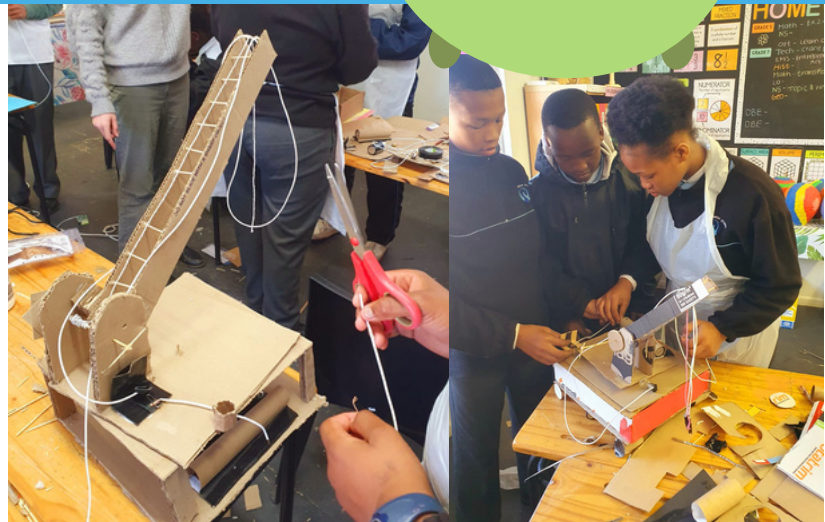

We are thrilled to invite you to our upcoming school concert, where a rainbow of music and talent will light up the stage!

Join us on Friday, 1 September, at 16:00 at Kwanokuthula Simunye Hall for an unforgettable evening.

To ensure the event's seamless success and everyone's satisfaction, we kindly request your cooperation in pre-ordering your preferred food choices. This will help us plan for ample quantities to accommodate all attendees. Please remember to promptly **bring back your order forms and payment** to secure your choices. Your participation in this process greatly contributes to the overall enjoyment of the occasion.

THIS WEEK

Grade 7 students are constructing cranes to assist scrap metal dealers by separating magnetic metals. These cranes pivot, feature switchable electromagnets, and employ a pulley system for lifting. This hands-on project not only teaches complex concepts but also hones problem-solving and teamwork skills. Practical learning like this nurtures confidence and a deeper understanding of real-world applications of theoretical knowledge, making well-rounded individuals.

COMING UP IN TERM 4

Bottle Caps Wanted!

Help us create vibrant, recycled art pieces in our gardens by reusing bottle caps. Together, let's make a positive impact on the environment - one bottle cap at a time!

Start saving!

We have our Christmas Hamper Raffle coming up in the fourth term!
