SPORTS

For the upcoming matches in Sedgefield, please remember to wear the right sports uniform. Also, ensure you have a well-fitted gum guard for your safety while playing hockey. Let's have a fantastic time together!

Follow these simple steps to mold the gum guard:

1. Boil water and let it cool slightly.
2. Read the gum guard's instructions carefully.
3. Soak the gum guard in hot water for 20-30 seconds.
4. Have the child bite down on the gum guard and press it against their teeth and gums with their fingers for 30-60 seconds.
5. Rinse the gum guard under cold water to set the shape.

We are absolutely ecstatic to have Washem, a highly skilled marimba player and instructor, on board to teach and guide our talented learners. Washem's passion for music and expertise in marimba playing will inspire and nurture the budding musicians in our school! More information coming soon.

UP-AND-COMING

CONCERT

We have officially started organizing our school concert for 2023!

Calling all parents! Your volunteer support is invaluable to us. Join the event planning team, and together, we'll make it even more exceptional! Your involvement will make a significant difference, and we can't wait to have you on board!

Each teacher will be sending out a letter with specific instructions on what each child should wear as we draw closer to the event.

WE URGENTLY NEED

Looking for a way to recycle your **plastic bottle caps** and old, chewed-up **tennis balls**? Don't throw them - bring them to us!

Help us create vibrant, recycled art pieces in our gardens by reusing bottle caps and protecting our floors from scratches by using tennis balls as floor protectors!

Together, let's make a positive impact on the environment - one bottle cap and tennis ball at a time!

MANY THANKS

We would like to thank Mr Fezile Maki for his invaluable support in coordinating the establishment of our **Bahia Formosa School Sign on the N2**. Thanks to his efforts, we are now officially recognized and firmly placed on the map! Once again, thank you, Mr Maki, for making this milestone possible!
